Education

September 2022 - August 2024

University of California, Santa Cruz - B.S., Computer Science Game Design

September 2019 - June 2021

Glendale Community College - IGETC

Experience

January 2024 - June 2024

Through the Fog - Narrative Lead and Game Designer

- Designed an unique story and a world that serves as the foundation for the game's narrative.
- Wrote all character dialogue, item descriptions, and lore to enrich the player's experience.
- Directed and handled recording for voice acted audio-logs.
- Crafted quests and progression milestones to ensure a satisfying player journey.
- Reviewed and refined design elements to maintain narrative and gameplay cohesion.
- Fulfilled producer responsibilities by managing team meetings, production schedules, and task distribution.
- Successfully published the game to Steam in June 2024.
- https://store.steampowered.com/app/1698600/Through_the_Fog/

January 2024 - March 2024

University of California, Santa Cruz - Tutor

- Provided one-on-one and group tutoring sessions for students enrolled in the Game Development Experience course.
- Helped students overcome technical and creative challenges using JavaScript, Phaser 3, and other tools.
- Offered feedback and guidance on project development to ensure students met course goals.
- Graded projects and assignments, contributing to student success by offering detailed critiques and support.
- Facilitated workshops on debugging strategies and best practices for Phaser 3 development.
